

LISTING OF CLAIMS

This listing of claims will replace all prior versions and listings of claims in the application.

1. (Original) A reproducing apparatus, which is portable and installable on a vehicle, for outputting data recorded in a disk-shaped recording medium to recording means comprising:

reproducing means for reproducing data recorded in said disk-shaped recording medium,

a sensor section for detecting a driving state of said vehicle, and

control means for changing a reproducing speed of said reproducing means based on the result detected by said sensor section.

2. (Original) A reproducing apparatus, which is portable and installable on a vehicle, for outputting data recorded in a disk-shaped recording medium to recording means comprising:

reproducing means for reproducing data recorded in said disk-shaped recording medium,

a sensor section for detecting if said reproducing apparatus is installed on said vehicle, and

control means for changing a reproducing speed of said reproducing means based on the result detected by said sensor section.

3. (Currently Amended) A method for controlling a reproducing apparatus, which is portable and installable on a vehicle, for outputting data recorded on a disk-shaped recording medium to recording means comprising the steps of:

~~determinating~~ determining a driving state of vehicle based on the result detected by a sensor section,

changing a reproducing speed of said reproducing means, which reproduces data recorded in said disk-shaped recording means according to the result detected by said ~~determinating~~ determining step.

4. (Currently Amended) A method for controlling a reproducing apparatus, which is portable and installable on a vehicle, for outputting data recorded on a disk-shaped recording medium to recording means comprising the steps of:

~~determinating~~ determining if said reproducing apparatus is installed on a vehicle based on the result detected by a sensor section,

changing a reproducing speed of said reproducing means, which reproduces data recorded in said disk-shaped recording means according to the result detected by said ~~determinating~~ determining step.

Claims 5-6 (Canceled).
